While upholding further industry standards within the financial planning sector, Sevy has also completed and passed the Financial Adviser Standards and Ethics Authority (FASEA) examination, ensuring that a mutual and consistently high standard of advice is upheld between peers. Sevy's ability to build relationships and understanding of long-term financial strategies ignited a passion for financial planning and asset management, with a mutual vision and mission shared with Bart Ryan, together they founded OakView Financial; with the vision of being the most trusted financial planning firm in Australia.

From humble beginnings, Sevy and Bart as Directors of OakView Financial sought further responsibility to ensure that they could provide clients with adequate advice, and further transparency, they embarked on the application process of obtaining an Australian Financial Services Licence (AFSL), which was approved by the Australian Securities and Investment Commission (ASIC). Sevy is currently the Responsible Manager (RM), along with Bart Ryan, of Oakview Financial to ensure the compliant running of the licence.

Sevy has a love for nature and being outdoors, which led to co-founding a Non-For-Profit organisation that raises subscriptions for campaigns to extract plastic from our oceans and waterways, as well as offsetting the carbon footprint in doing so to ensure a completely neutral process of cleaning up our planet.

With strong morals and a desire to ethically help others as a foundation, Sevy has proven himself within the financial industry by tailoring long-term holistic advice for couples, families, and individuals.

What happens when you get OakView Financial advice?

The OakView Financial client process for providing financial product advice is conducted in accordance with the *Corporations Act 2001* and the conditions set out under our AFSL. Generally our process will include the following steps:

INITIAL CLIENT CONTACT

During this initial contact we will outline our services, discuss your expectations and help to identify your needs and goals so we can agree the type and degree of financial product advice that is appropriate in your circumstances. At this stage our fee for service structure will be provided and agreed between us before proceeding further.

FACT FIND AND INVESTOR PROFILE

We will gather all the relevant information including your goals, needs and objectives. We will also help determine your risk appetite using our Investor Profile questionnaire. If after our initial evaluation of your needs we believe we cannot provide the required advice, we will advise you in writing.

CLIENT ADVICE PRESENTATION

Once the appropriate strategy (or strategies) for you has been formulated in accordance with your requirements, this will be presented in a SoA and discussed with you. Changes can be made if required. In the event that under the agreed strategy we make a recommendation to acquire a financial product we must also provide you with a Product Disclosure Statement (PDS) containing information about the particular product which will enable you to make an informed decision in relation to the acquisition of that product.

CLIENT CONSENT TO PROCEED

Once you are comfortable with a recommended course of action, you will provide your formal consent enabling us to proceed to implement them.

KEEPING YOU ON TRACK

Recognising that your personal situation may change over time we can provide regular reviews (at a minimum annually) to ensure our advice continues to meet your needs and objectives. If you enter into an ongoing fee arrangement for this purpose we must provide you with a Fee Disclosure Statement (FDS) that sets out the agreed services under that arrangement. At least once every two years we must provide you with a renewal opt-in form in respect of continuing these ongoing fee arrangements.

Referrals

You do not have to consult any professional that I may refer you to. You may want to consult a professional you have an existing relationship with, or choose another. The professional you choose to consult is responsible for the advice they provide to you. OakView Financial and I may receive a fee or other benefit as a result of that referral. We may also receive a referral fee or other benefit from the business that is transacted on your behalf.

OakView Financial and our senior Advisers are registered with the Tax Practitioners Board as tax (financial) advisers under the *Tax Agent Services Act 2009 (TASA)* and can provide tax (financial) advice services (tax advice). Fees and other costs that may apply

Outlined below are the types of payments that you may be charged. Before we provide you with any advice, I will discuss these options with you. In all cases, details of payments required for the services provided will be given to you at the time of any personal financial advice. These amounts will be documented in your SoA.

ADVICE FEES

The initial and ongoing advice fees are fees that you and we agree on the onboarding and initial research, and for the ongoing advice and service that we will provide. Some products (superannuation funds) offer the option to deduct the advice fees from your funds on a one-off initial and on a periodic basis. OakView Financial charge an ongoing fee of 1.65% capped once your total funds under management reach \$600,000.

COMMISSIONS

OakView Financial may receive initial and ongoing commission payments when you commence an insurance policy recommended by us. Commission payments are based on a percentage of the insurance premiums you pay. They are not paid directly by you and are deducted from the insurance premium by the product provider and paid to OakView Financial. The initial commission that OakView Financial may receive is up to 66% and the ongoing commission is up to 22% per annum of the annual premium paid.

What do I get paid as your Adviser

All fees are payable to OakView Financial. All OakView Financial in-house Advisers are employees of OakView Financial and receive a salary rather than receiving compensation directly from any revenue generated by their advice to you.

Any Corporate Authorised Representatives (CARs) under OakView Financial's AFSL are charged a flat licensing fee per annum for the services OakView Financial provide to them. On this basis, any remuneration (fees and commissions) generated by CAR businesses will be passed from OakView Financial to their businesses up to 100% of the revenue received.
